THEME: *Gardeners We Are, We Plant
Our Gardens With Beauty*

Hello Garden Club Members

Here we are into August and time to start garden club for the year. I am happy about that as then we can all get together again to visit and tell about our summer trips.

There are several things already set for the board meeting on August 25 agenda. We are meeting too late to get in on the "Home Show" this year but there are two other occasions on the calendar. Are you raising plants or replanting into pots for two plant sales? These are the only fund raisers we have planned for the club year?

I'm looking forward to seeing all your smiling faces at the general meeting Sept. 12th. We are meeting at the Emmanuel Ministry Center, 1201 N. China Lake Boulevard, (one p.m.). To renew our friendships with each other.

Think about a committee that you would like to volunteer to work on. After all, this is your garden club, your ideas and in-put is very important to the club. You may win one of the door prizes !!!

I received a note from Gerry Wisdom along with a newspaper clipping telling about what her garden clubs did for Arbor Day at Mc Call, Idaho (where Gerry spends her summers,) planting trees and serving refreshments. I will bring the note to the club meeting so you can read it

God Bless every one, Shirley
Mrs. S. B. Craver,

GET WELL WISHES:

Renee Oliver has spent most of her summer in the hospital at UCLA. Her daughter Crystal Tripp says she is coming home this week. Keep them in your prayers.

FREE ADMISSION TO HUNDREDS OF MUSEUMS, ZOOS, AND GARDENS

By Art Spiegel, Treasurer

There is a remarkable money saving promotion run by Bank of America that may benefit some of our members. That bank is offering free admission to hundreds of museums, zoos, gardens, and other cultural institutions across the country for two days every month. The program is called Museums on Us, and it allows almost any Bank of America card holder, whether it be a check card, ATM card, or credit card, free admission to specific museums on the first full weekend of every month. This has been going on for more than a year already, and will continue through 2010. Upcoming weekends are September 5, 6, October 3, 4, November 7, 8, and December 5, 6.

Each card will get you one free admission. In our case, we have used Visa cards associated with the Automobile Club (AAA) but issued by Bank of America (their logo is on the back of the card).

If you are traveling, remember that this is a national program, and there are museums and gardens across the country that are participating. Check the website <http://museums.bankofamerica.com> for its list of museums in cities you may be traveling to. There are many in California, including

RED ROCK STATE PARK ON GOVERNOR'S LIST TO BE CLOSED

“You may contact the Governor and our local Representatives with your opinion regarding this matter by going online, www.calparks.org/stopclosure. If the park system is of importance to you, you will want to respond and it only takes a moment. State parks receive less than 1/10 of one percent of the entire state budget.”...
